### PROFILE

Game Developer with 3 years of experience specializing in Unity. While serving National Service, I made various small projects and participated in several game jams, ensuring that I was keeping up with the technology. I also self-studied Web Development, mainly to build my custom portfolio website and showcase the projects I've done.

### WORK EXPERIENCE

#### Intern Game Programmer

Mar 2021 - May 2021

NTU Wee Kim Wee School of Communication and Information

- Built a multiplayer educational card game for construction workers, with smooth animations.
- Completed all the features early, having extra time near the end to help my classmate on his project (same company, different project).

### PROJECTS

#### Portfolio Website

30 Jan 2023 - Ongoing

- Has features like filtering projects, smooth transitions and animations and an automatic table of contents
- Built for recruiters & employers search projects I've done easily.
- Easy to add future projects (uses markdown, an easy-to-read and write format)
- Fast to load
- Self-learned from web development knowledge and built while serving National Service.

#### Obsidian Plugin - Auto Embed

5 Mar 2024 - Ongoing

- Embed web pages into Obsidian (Note taking app)
- Redirects the user's link to the website's embedded version if the website supports it (E.g. X/Twitter, Reddit, TikTok, CodePen, Notion.)
- Made it easy to add more supported websites for redirecting.
- Has over 4,000 downloads!

#### Awaken The Chaos!! - Brackeys Game Jam

8 Sep 2024 - 15 Sep 2024

- Ranked **33 out of 1500** entries (**Top 2.2%**)!
- Game Description: Play as the God of Chaos, unleashing your powers and terrorize humanity.
- Other info:
  - Team: Programmer (Me), 2D Artist, Sound Designer
  - Duration: 1 week
